Students will be required to complete and submit assignments by using Moodle, the learning management system for Elite Learning. The course can be accessed at www.svetn.org.

Students will need use of the Internet for all coursework. Access to Microsoft Word and PowerPoint are also required.

Method of Evaluating Student Achievement

Grading Policy & Scale
This course will be graded on a ten-point scale:

- 100-90 %= A          89-80 % = B          79-70 % = C          69-60 % = D          59 % or less = F

All grades will be reported by SVETN to each school with a numeric grade and a recommended letter, but assignment of a final letter grade will be at the discretion of the student's school.

Grades will be distributed as follows for Business Law I:

- Discussion—15%
- Court Cases—20%
- Quizzes—10%
- Other Assignments—45%
- Paper (1)—10%

Grades will be distributed as follows for Business Law II:

- Discussion—10%
- Quizzes—5%
- Other Assignments—65%
- Papers (2)—20%

Individual assignments will explain how grades are determined.

Students should expect to receive feedback from the instructor on all discussion board posts within 48 hours. Because it takes much longer to grade papers, you can expect feedback within 7 days of your submission (usually sooner).

Teaching Methods:

The teacher will provide introductory information including PowerPoint presentations and outlines. For each chapter, students will be required to read each chapter as a way to complete assignments.

Chapters may consist of a discussion item, internet assignments, and court case analyses. Various other assignments will be used as well. There will be a quiz for most chapters.

Career research topics will be required with a major career project due at the end of this course. Two extensive research papers will also be required for the duration of the course. Paper One—Notorious Criminal research; Paper Two—Secret Service department critique.

Tips for Success:

- Make sure you read through this entire document. There is useful information here.
- Stay on task by printing off your assignment sheets and keeping them in a notebook with a calendar.
- Plan ahead, and do not procrastinate. The dual enrollment classes are college classes. An asynchronous class requires discipline. If you are not self-disciplined in your studies, then you need to rethink your decision to take this class.
- You must stay focused and keep a steady pace, or you will fall behind.

Late Work Policy:

This is a rigorous college course which requires disciplined work habits and the meeting of deadlines. Due dates are located on the calendar and throughout the course. You should give yourself plenty of time on assignments and don’t wait until the last minute. I will not extend deadlines unless I am contacted by your school with an approved excuse such as extended illness, death in the family, etc. I will not reopen an assignment after it has closed. Plan accordingly if you will be out of school on trips. Students should expect to spend a minimum of 90 minutes per day of class activities. If students are unable to complete assignments during their assigned class period, they will still be responsible for completion of all assignments on their own computers. Remember that this work can be viewed from any computer with the Internet; therefore, students should speak with their guidance counselor to find an appropriate location within the school to work. Email the teacher if problems occur so they can be handled on a one-on-one basis.
Attendance Policy:

Because this is an Internet based course, there is not a scheduled time set for your coursework. Each student must be dedicated to completing assignment independently. The student will be required to log in to this course on a regular basis, which will be checked by the teacher. The school and/or parents will be notified if a student has not logged into their course for a three day period. Contacts will also be made if a student is logging into their course with only a minimum amount of work each day. Expect no less than 60-90 minutes of work each day.

At least once every school day, you are required to log on to MOODLE and perform three tasks:

1. Check your inbox for new messages.
2. Check for new course announcements under “Latest News.”
3. Check the calendar under “Upcoming Events,” to see what work is due.

You should then proceed to work on the assignments within the current unit.

Elite Learning Inclement Weather Policy:

Asynchronous online courses have many advantages over the traditional classroom. Among those advantages are the availability of the instructor, the opportunity to "attend" class from many locations, the flexibility of schedule, and no make-up days due to snow. To provide the required amount of “seat-time” for students, Elite Learning instructors will continue to present class material and require assignment submissions. When some schools are temporarily closed, it is necessary to require a continuation of assigned work even if students are absent from school due to weather. It is the responsibility of the student to access the class via Internet during this type of absence. Students without Internet access beyond school hours will need to discuss this with their instructor at the beginning of the semester.

Students with Disabilities:

Students who participate in this class are also high school students. Each high school has resources available for students with disabilities (IEP). Please contact the guidance counselor at your school to request academic accommodations. Each community college also has the Office of Student Services, which may be able to provide additional services. A representative from your school (guidance counselor) may make a request for services at the college. That office will evaluate the request and make recommendations for appropriate and reasonable accommodations, which the student will provide to the instructor. Please contact your guidance counselor or SVETN for more information.

Emergency Policy:

Follow all emergency policies for your home school.

Academic Integrity:

Each student will be bound by the academic codes of their school. Any violations will be reported to the student’s school for appropriate disciplinary action. Cheating will not be tolerated. Because these courses are considered college courses, each student is considered a responsible adult. It is assumed that students will maintain standards of conduct appropriate to membership in Elite Learning as well as the community college. Emphasis is placed on standards of student conduct rather than on limits or restrictions. Guidelines and regulations governing student conduct are developed by the Elite Learning faculty, staff, and administration. More detailed information is found in the Elite Learning Student Guide.
It is critical that all students read the Elite Learning Guide for Students. This guide is located at www.svetn.org as well as within your course. Contact Dawn Stafford, SVETN Executive Director, if you have questions or concerns.

Course syllabus and schedule is subject to change at the discretion of the instructor.
