FERPA REGULATIONS:

The Family Educational Rights and Privacy Act (FERPA) of 1974 is a federal law that was enacted to protect the privacy of students and their educational records. The intent of the legislation is to protect the rights of students and to ensure the privacy and accuracy of "educational information." Educational Information refers to any record maintained by an educational institution, including files, documents, and materials of any type which contain information directly related to students, and which allows a student to be identified.

Elite Learning supports all efforts to protect student records, however, it is extremely important to receive permission to report grades to the students' high school. It is also important to receive permission to contact students' parents or guardian as needed to report class progress. Permission must be received by the student AND parent or guardian.

I give permission to Elite Learning to report grades to my school as well as contact my parents/guardians as needed.
